

Third Wave International Users Conference

May 16-17, 2012
Minneapolis, Minnesota USA

Third Wave Systems, Inc. is pleased to announce the 2012 International Users Conference on May 16-17, 2012, in Minneapolis, Minnesota! The annual event is an opportunity for Third Wave Systems customers and potential users to gather in a collaborative forum to:

- Share experiences and process applications
- Present current research topics and results
- Gain knowledge of software capabilities and improvements
- Participate in software workshops

CALL FOR ABSTRACTS

Current TWS software users are encouraged to submit abstracts for presentation consideration. Abstracts are due to Third Wave by **Wednesday, February 15, 2012**, and should include a brief overview of what would be discussed in the presentation. Areas of appropriate discussion include:

- Design
- Research
- Productivity improvements

Speakers will be selected based on both the abstract quality and its relevance to conference attendees. Presentations will be limited to 30 minutes each, including time for questions. Submit to Kate Burke, Marketing Communications Specialist, at sales@thirdwavesys.com.

VENUE

Attendees will stay at the **Crowne Plaza Hotel Minneapolis West**, featuring exceptional meeting facilities and state-of-the-art amenities. Just 25 minutes from Minneapolis/St. Paul International Airport, the Crowne Plaza Hotel Minneapolis West has more than 240 guest rooms and a full-service athletic club accessible to all hotel guests, which includes racquetball, basketball, sand volleyball, and tennis courts. The hotel was completely renovated in 2009 and borders protected wetlands, providing conference attendees with a professional experience in a nature-inspired setting.
